Thank you.

Everything you said is correct and there are other benefits too. If it's all 1 BID we can run a Trolley from LMU to the central business district, for example.

I'll be working on this and keep you all up to speed.

Don,

Our team is fine with Lincoln being an extension of our existing BID. I assured them it would not raise our costs (maybe even lower them a bit) and that it would not affect our voting weight in the BID.
